Past History of the "Beverley"

The first Beverley to Perth race was held in 1897, and attracted a field of 14 riders. The race finished in front of Government House, and the Governor (Sir Gerald Smith) acted as judge. After the race he entertained all the riders who finished. The winner was J.W. Beck a Goldfields representative, who started off with a handicap of 45 minutes and won by that time from the second rider, crossing the finish line before a crowd numbering several thousand.

The slowest race was in 1905, when C. Howard starting off 21 minutes, won in 8 hours 50 minutes 30 seconds. The riders on this occasion often had to plough through water up to their knees, and for the whole of the journey they went through a nightmare experience.

For many years the record for the race, by a rider using a fixed wheel, was held by A. Kaiser (5hrs 58mins 33 secs), but in the 1929 event A.E. (Andy) Joss, the only fixed wheel competitor in the race, lowered that time to 5hrs 24mins 26secs. He rode on an 84 inch gear, and his performance was regarded as a remarkable one.
